About IntelliCentrics

With a vision to be the world's trusted solution for trust, IntelliCentrics is a leading platform in the vendor credentialing market in the United States, and in 2018 entered the medical credentialing market. Paying subscribers submit their data and information to our technology platform where it is processed and verified so it can be trusted. Information is stored and updated on the paying subscriber's SEC3URE Passport allowing locations of care to determine whether the paying subscribers are compliant with the highly regulated healthcare industry standards, where compliance is mandatory not discretionary. More than 10,000 locations of care worldwide rely on the service, and our community of paying subscribers is more than 120,000 strong. To learn more, visit IntelliCentrics-Global.com.
